A curated social circle for
women building wealth,
influence, and a life they love.

The Vision

“Networking shouldn't be basic. It should be curated, elevated, and deeply intentional.”

— Brittany Bell

The Problem

Most networking events feel uninspired and overly transactional.

The Solution

Brunch Babez creates an invite-only circle of powerhouse women investors, founders, strategists, and creators where connections are meaningful, conversations lead to action, and collaborations grow beyond the table.

Who We Are

Brittany Bell, Founder of Brunch Babez

Investor & Entrepreneur: Managing a \$19.4M real estate portfolio and building a \$100M investment company.

Connector: Created Capital Conversations and Doorbells to bring people into wealth building spaces.

Community Builder: Leveraging her network of entrepreneurs, investors, and content creators to curate spaces that spark opportunities and scale impact.

“I built Brunch Babez because I know the rooms you enter can change your life, and women deserve curated rooms that do exactly that.”

— Brittany Bell
